DIRECT CREMATION SERVICE

3RD GENERATION INDEPENDENT FAMILY FUNERAL DIRECTORS

Unattended / Direct Cremation

We offer an unattended cremation for those who wish for a minimal service. An unattended cremation involves us bringing the deceased into our care (*within 20 miles & during normal working hours*), supplying a very simple unpolished coffin and on completion of the necessary paperwork, liaising with the crematorium to arrange a mutually convenient time to convey the deceased to the chapel for cremation. Please note, that the day and time of the cremation will take place at our choosing, and that no one can attend.

The cremated remains can be made available for your personal collection from the crematorium

Our unattended cremation service is an all-inclusive cost of **£1555.00** and this is required to be paid in full before the cremation takes place.

Additional charges may apply, please ask for more details.
